## SUMMARY

---

A final year applied management student in Industrial Relations major. Currently, I'm learning about full-stack web development with a various techstack skills such as Javascript, PHP, React.JS, TailwindCSS, Node.JS, Express.JS, ORM Sequelize, CMS with wordpress, REST API, SQL Database & Query, Visual Studio Code, XAMPP, Git & Github.

In my process of becoming a digital talent, I pursue a tech bootcamp in Purwadhika Digital Technology School and Tech Muda II by Plan International J.P. Morgan.

I'm a passionate self-driven learner that highly motivated to continuously improve my knowledge and skills. I can work together as a team or as an individual. I hope you are interested enough to give me a chance to join your company and let's work as a team.
