MUTIA ANGGRAINI

Junior Web Programmer

2023

About Me

Hello, I'm Mutia. A junior programmer especially in website development. The following is a collection of projects that I have worked on both before and during the Tech Muda II training program by the Plan International Foundation.

My Contact :

mutiaanggrainiid@gmail.com

+62 814-1023-0019

1. Website from HTML, CSS and Javascript

Static website that I made from HTML, CSS and Javascript when I first started learning web programming basics. This website is very simple and only shows the information only wanted by the editor.

The screenshot shows a web browser window with the URL `127.0.0.1:5501/submit.html`. The page has a dark header bar with tabs for Gmail, YouTube, W3Schools Online W..., Online Web Develop..., PAC | Home, Hiring Form Purwadhi..., GitHub Lecturer, mutiaanggraini | Cod..., and Pemrograman Website. Below the header is a navigation bar with links for Tentang, Karakteristik, and Makanan. The main content area features a large image of a sand cat cub looking directly at the camera. To the right, there is a sidebar titled "Profile Student" containing a photo of a person with short brown hair and glasses, and the name "Mutia Anggraini". Below the photo, a message says "Semoga submission ini diterima". Another section titled "Tentang Saya" lists personal details: Name (Mutia Anggraini), Address (Jakarta), Hobby (Main Game), and Email (mutiaanggraini@gmail.com).

This screenshot shows the same static website as the previous one, but with a different image of sand cats. It features a larger image of two sand cat cubs, one in the foreground and one partially hidden behind rocks and grass. Below the image, a caption reads: "Kucing pasir atau Felis margarita merupakan kucing liar dengan tubuh terkecil di dunia. Mereka memiliki ciri khas berupa kepala yang tampak melebar ke samping. Bantalan kakinya yang tebal membuat pergerakannya tak terdengar sama sekali."

2. Calculator App

A simple web-based calculator application using HTML, CSS and Javascript. I've used programming logic by including basic calculations using javascript language

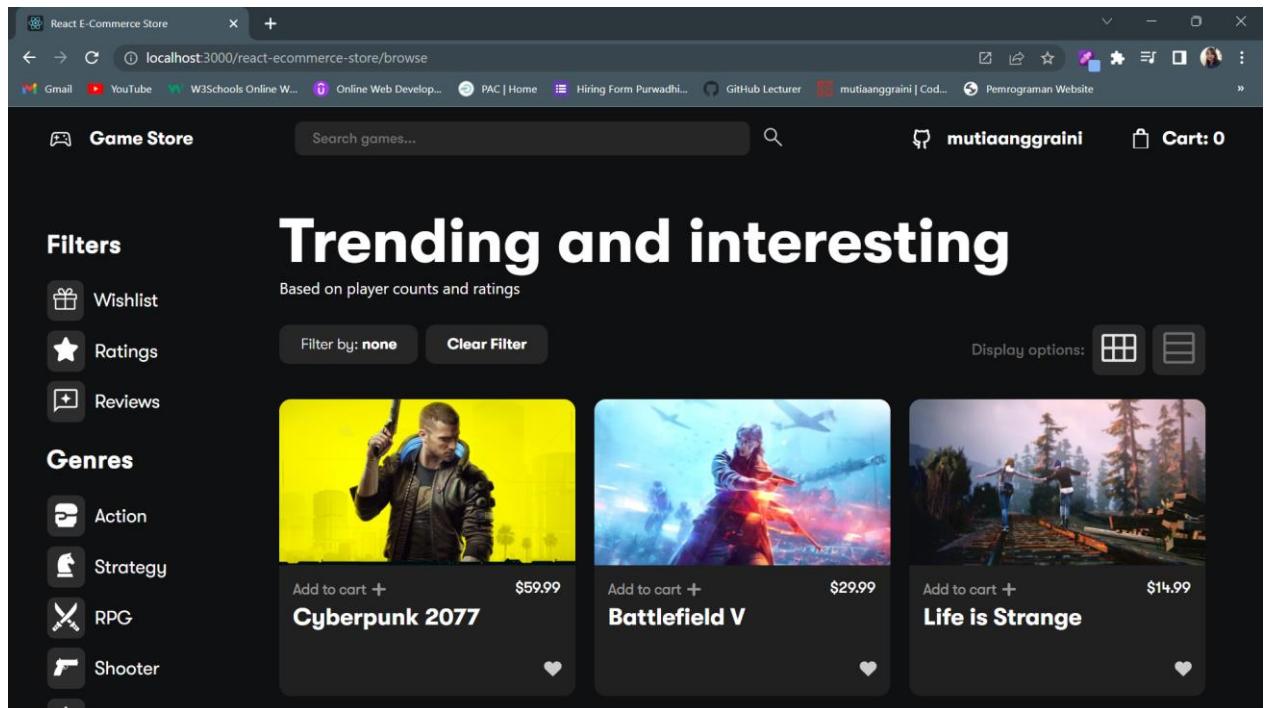

The calculator application consists of three main components:

- Calculator Interface:** A digital display showing '0' at the top. Below it is a 4x4 grid keypad. The grid contains:
 - Row 1: '7', '8', '9', '+/-'
 - Row 2: '4', '5', '6', '-'
 - Row 3: '1', '2', '3', '+'
 - Row 4: 'CE', '0', '=', '='
- History Table:** Titled "Riwayat Perhitungan", it displays a table of previous calculations.

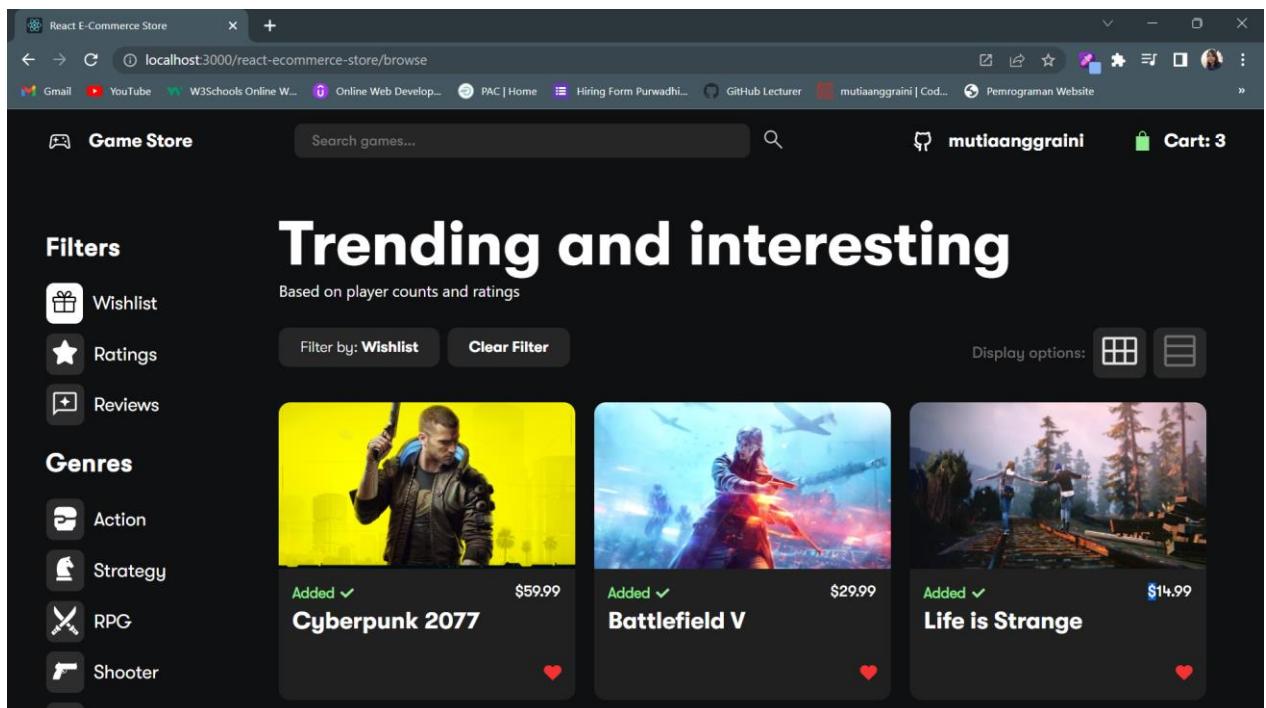

Angka Pertama	Operator	Angka Kedua	Hasil
62	+	3	65
6	+	6	12
- Browser Header:** Shows the title "Web Calculator" and the URL "127.0.0.1:5501/kalkulator.html". The browser also has a standard toolbar with back, forward, search, and refresh buttons.

3. Gameshop Web with React.JS and TailwindCSS

The online shop website sells various video games using the React framework. Here there is a search feature to find the intended game, the add to cart feature and other features filters to suit the needs of the user.

Home Page

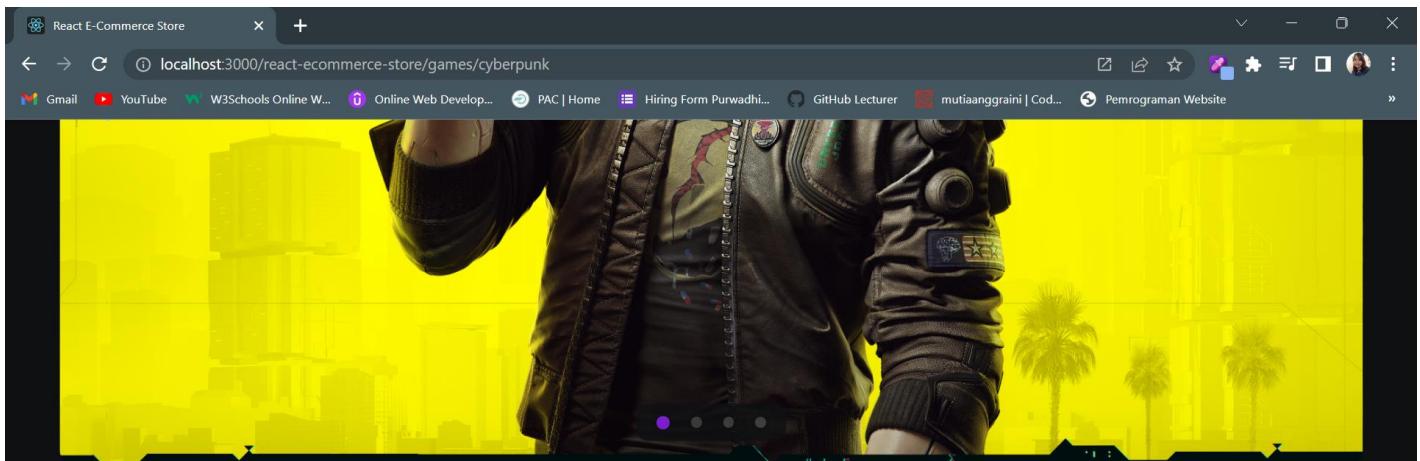

The wishlist feature will adds a red heart

The screenshot shows a web browser window for a game store. The URL is localhost:3000/react-e-commerce-store/browse. The page title is "Game Store". On the left, there's a sidebar with "Filters" (Wishlist, Ratings, Reviews) and "Genres" (Action, Strategy, RPG, Shooter). The main area features a large heading "Trending and interest" and a sub-section "Based on player counts and ratings". It shows two game cards: "Cyberpunk 2077" and "Battlefield V". Both cards have a green "Added ✓" button and a price of \$59.99. Below the cards, it says "Total: \$104.97" and a "Checkout →" button. A sidebar on the right shows a summary: "3 games" with items: "Cyberpunk 2077" (\$59.99), "Battlefield V" (\$29.99), and "Life is Strange" (\$14.99). There's also a "Clear" button.

Cart filled with items that have been selected and go to the checkout menu

The screenshot shows a web browser window for a game store. The URL is localhost:3000/react-e-commerce-store/games/cyberpunk. The page title is "Game Store". At the top right, it shows "mutiaanggraini" and "Cart: 3". The main content is a large image of the game "Cyberpunk 2077" featuring a character holding a gun. Above the image, the title "Cyberpunk 2077" is displayed. To the left, there's a back arrow and the word "Store".

About

Cyberpunk 2077 is a continuation of the events of Cyberpunk 2020, taking an alternate path to that of Cyberpunk V3.0. The game is set in the dystopian metropolis of Night City. It is set in the Free State of Northern California. Night City is located south of San Francisco around the area of Morro Bay, CA. During Cyberpunk 2020, Night City is said to have a population of more than five million inhabitants. However, this number is suspected to be considerably larger in 2077. Following an economic collapse sometime during the early 21st century, the United States is forced to rely on large corporations to survive. These corporations deal in a wide range of areas, such as weapons, robotics, cybernetics, pharmaceuticals, communications, and biotechnology; many of

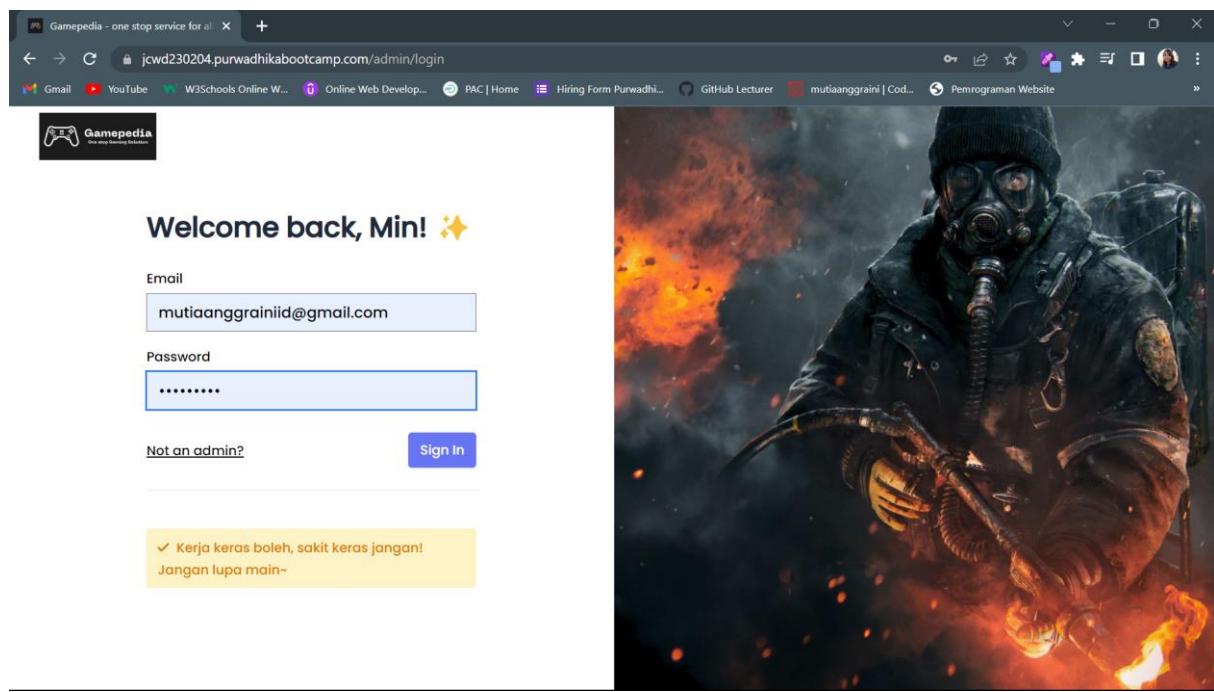

Cyberpunk 2077 Website

A screenshot of the same product page for 'Cyberpunk 2077' with the 'Cyberpunk 2077 Website' button expanded. This section contains detailed information about the game's release date, platforms, genre, developers, and publishers. At the bottom of this expanded section is a 'Hide' button. Below this, there is a price of '\$59.99' next to a red heart icon, and a green 'Added ✓' button indicating it has been added to a cart.

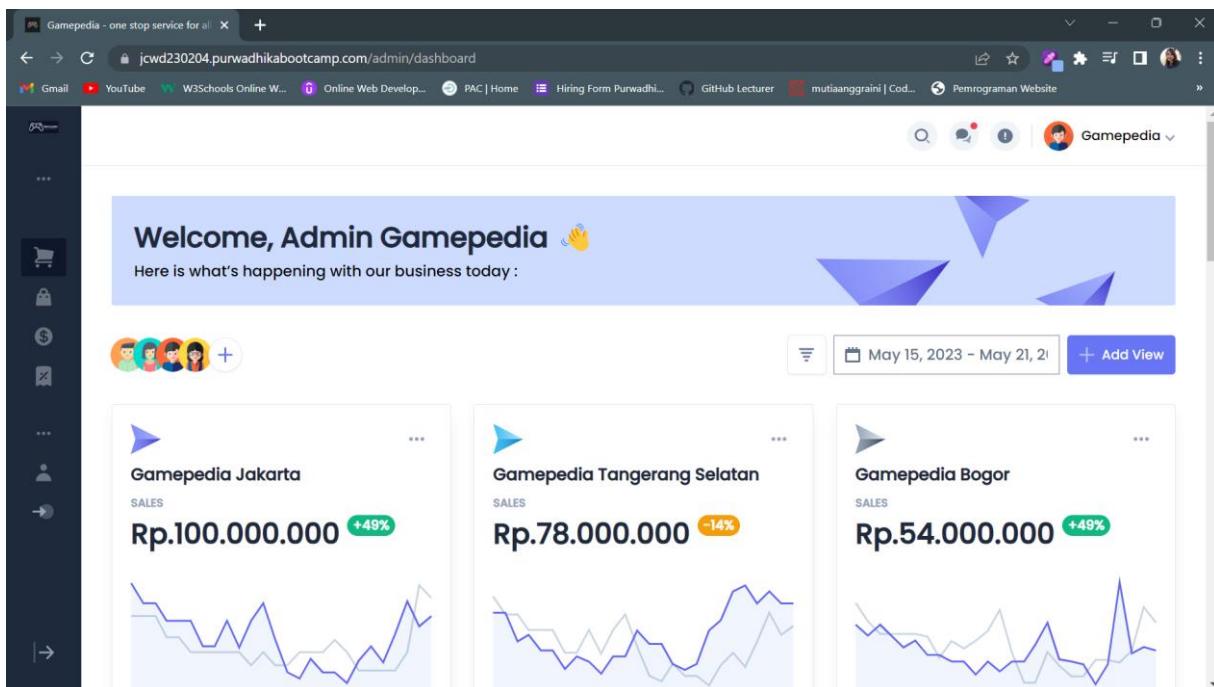

Product details after selected

4. Admin Dashboard with React.js and TailwindCSS

Website for admin system in online gamestore company that have been made using React.js and TailwindCSS.

5. Digital Archive Application with PHP

This application is used to perform archive management. Be it archive management in companies, campus archive management, and archive management in other agencies. With this web-based digital archive information system, it can make it easier for admins to manage archived data. On this website I use PHP, MySQL from PHPMyAdmin in XAMPP. I've also implemented the Create, Read, Update and Delete (CRUD) for data on this website.

The screenshot shows the main dashboard of the system. On the left, a sidebar lists navigation options: Dashboard, Data Kategori, Data Petugas, Data User, Data Arsip, Riwayat Unduh, Ganti Password, and Logout. The main content area features four cards: 'Petugas' (3), 'User / Pengguna' (4), 'Total Arsip' (9), and 'Kategori Arsip' (8). Below these is a chart titled 'Grafik pengunduhan arsip' showing the number of downloads per day over a month. A sidebar on the right displays user information for 'Rahmadsyah 2 [Administrator]'.

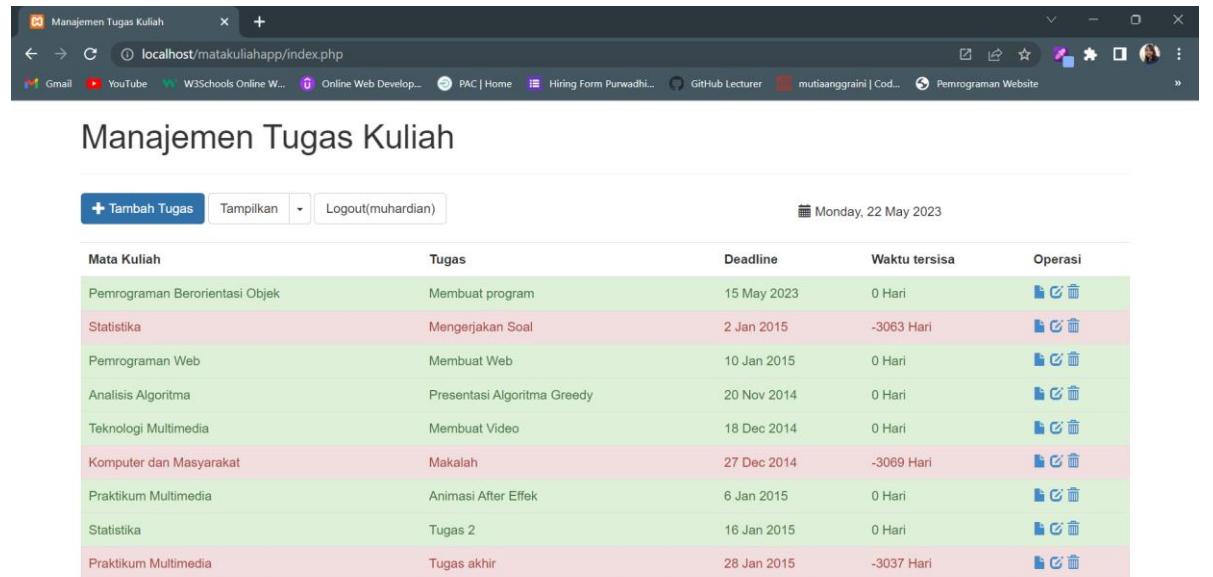

The screenshot shows the 'Data User' management page. The sidebar includes the same navigation options as the dashboard. The main area displays a table of users with columns for No, Foto, Nama, Username, and OPSI. The table contains four entries:

No	Foto	Nama	Username	OPSI
1		Cut Nanda Somay	user4	
2		Ajir Muhajier	user3	
3		Reza Yuzanni	user2	
4		Samsul Bahri	user1	

A modal menu is open on the right side, listing 'Profil Saya', 'Ganti Password', and 'Log Out'. A 'Tambah user' button is located at the top right of the user table.

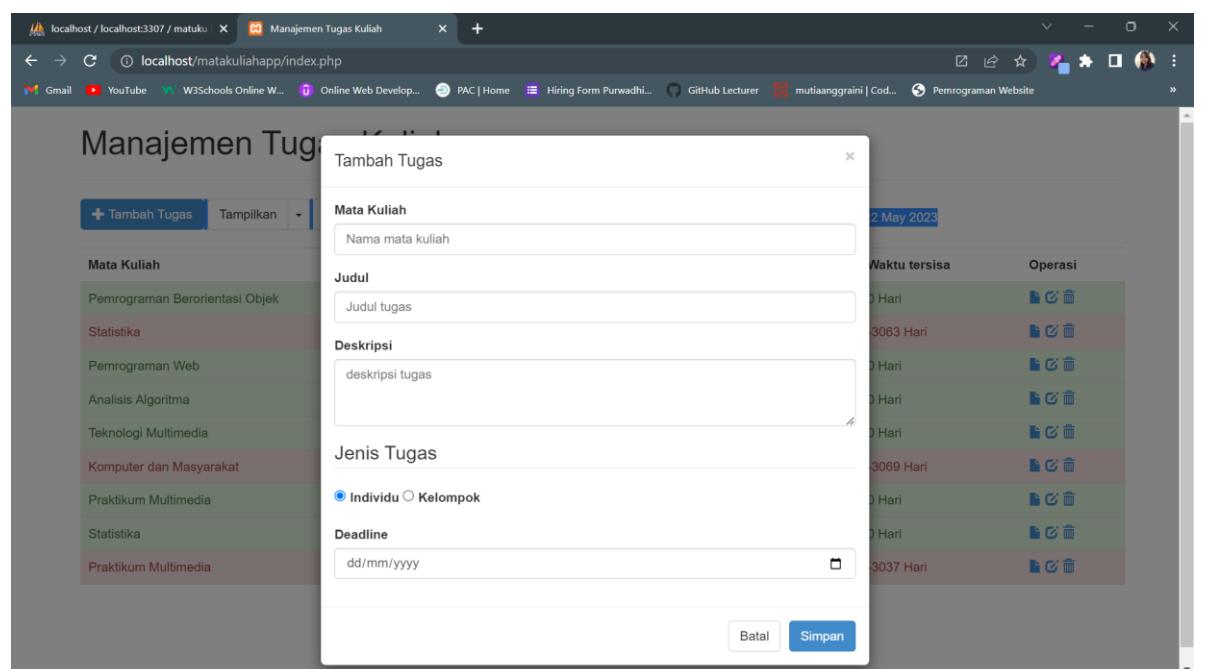

6. Course Assignment Management Application

This application is used to perform coursework management with using PHP and MySQL. This website can perform data manipulation with Create, Read, Update and Delete system.

The screenshot shows a web browser window titled "Manajemen Tugas Kuliah". The URL is "localhost/matakuliahapp/index.php". The page displays a table of assignments with columns: Mata Kuliah, Tugas, Deadline, Waktu tersisa, and Operasi. The table rows are color-coded in a green-to-red gradient. The first row (green) has "Pemrograman Berorientasi Objek" as the subject, "Membuat program" as the task, "15 May 2023" as the deadline, "0 Hari" as the remaining time, and icons for edit, delete, and details. The last row (red) has "Praktikum Multimedia" as the subject, "Tugas akhir" as the task, "28 Jan 2015" as the deadline, "-3037 Hari" as the remaining time, and icons for edit, delete, and details. The table header includes "Tambah Tugas", "Tampilkan", and "Logout(muhardian)". The date "Monday, 22 May 2023" is also visible.

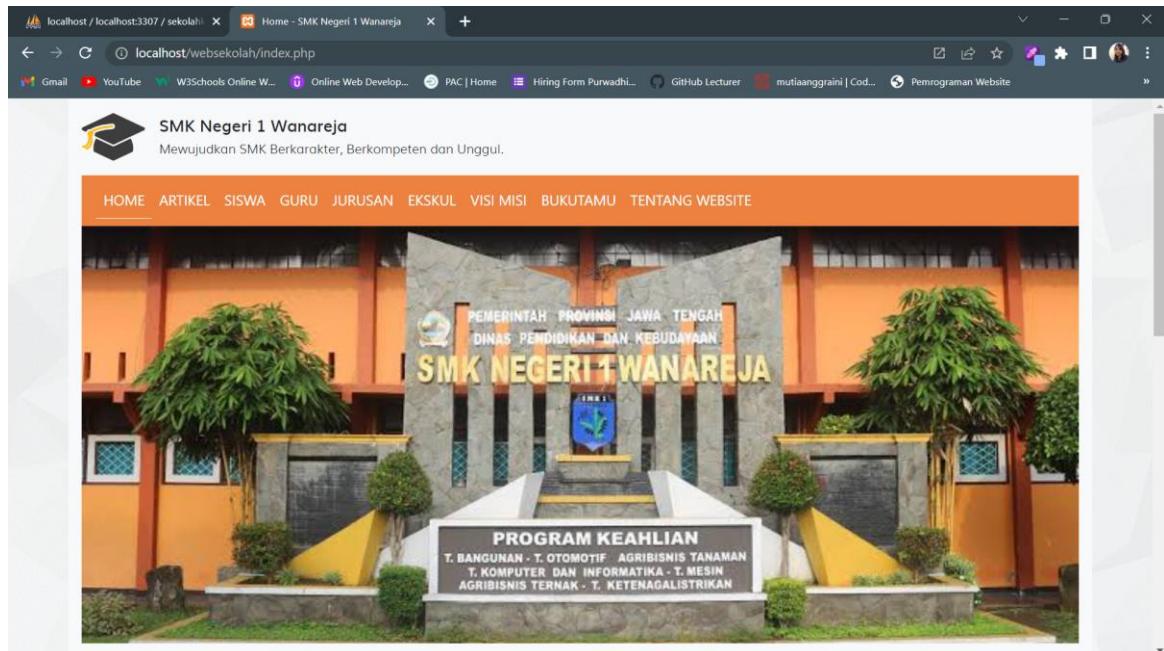

Mata Kuliah	Tugas	Deadline	Waktu tersisa	Operasi
Pemrograman Berorientasi Objek	Membuat program	15 May 2023	0 Hari	
Statistika	Mengerjakan Soal	2 Jan 2015	-3063 Hari	
Pemrograman Web	Membuat Web	10 Jan 2015	0 Hari	
Analisis Algoritma	Presentasi Algoritma Greedy	20 Nov 2014	0 Hari	
Teknologi Multimedia	Membuat Video	18 Dec 2014	0 Hari	
Komputer dan Masyarakat	Makalah	27 Dec 2014	-3069 Hari	
Praktikum Multimedia	Animasi After Effek	6 Jan 2015	0 Hari	
Statistika	Tugas 2	16 Jan 2015	0 Hari	
Praktikum Multimedia	Tugas akhir	28 Jan 2015	-3037 Hari	

The screenshot shows a modal dialog titled "Tambah Tugas" (Add Task) overlaid on the main application interface. The dialog contains fields for "Nama mata kuliah" (Subject name), "Judul" (Title), "Deskripsi" (Description), "Jenis Tugas" (Type of assignment), "Deadline" (Deadline), and "Simpan" (Save) button. The background shows the same course assignment list as the previous screenshot, with the "Praktikum Multimedia" row selected. The date "Monday, 22 May 2023" is also visible at the top of the dialog.

7. School Website

School website with a menu showing various information about the school the. Using PHP and MySQL language

A screenshot of the website's news section. It shows three recent articles: "Upacara Hari Pahlawan Tahun 2018", "Seleksi Calon Siswa UT School Angkatan 26, 27 dan 28 Tahun 2019", and "Belajar Sehari Di Luar Kelas". Each article includes a thumbnail image and a brief description. To the right of the news section are two sidebar boxes: "Artikel Terbaru" and "Kategori Artikel".

The screenshot shows a web browser window with the URL localhost/websekolah/visi_misi.php. The page title is "Detail Artikel - SMK Negeri 1 Wanareja". The main content area features the school's logo (a graduation cap) and the text "SMK Negeri 1 Wanareja" followed by the motto "Mewujudkan SMK Berkarakter, Berkompeten dan Unggul.". Below this is a navigation menu with links to HOME, ARTIKEL, SISWA, GURU, JURUSAN, ESKUL, VISI MISI, BUKUTAMU, and TENTANG WEBSITE. The "VISI MISI" link is underlined. To the right, there are two sidebar boxes: "Artikel Terbaru" containing links to "Upacara Hari Pahlawan Tahun 2018", "Seleksi Calon Siswa UT School Angkatan 26, 27 dan 28 Tahun 2019", "Belajar Sehari Di Luar Kelas", and "Upacara Hari Pahlawan Tahun 2019"; and "Kategori Artikel" containing links to "Kegiatan Sekolah" and "Event".

The screenshot shows a web browser window with the URL localhost/websekolah/bukutamu.php. The page title is "Buku Tamu - SMK Negeri 1 Wanareja". The main content area features the school's logo and the motto. Below this is a form with fields for "Nama" (with placeholder "nama"), "Email" (with placeholder "email"), and "Isi" (with placeholder "maksimal 250 karakter"). At the bottom of the form are two buttons: "Kirim" (blue) and "Batal" (red). To the right, there are two sidebar boxes: "Artikel Terbaru" containing links to "Upacara Hari Pahlawan Tahun 2018", "Seleksi Calon Siswa UT School Angkatan 26, 27 dan 28 Tahun 2019", "Belajar Sehari Di Luar Kelas", and "Upacara Hari Pahlawan Tahun 2019"; and "Kategori Artikel" containing links to "Kegiatan Sekolah" and "Event".

8. Personal Website

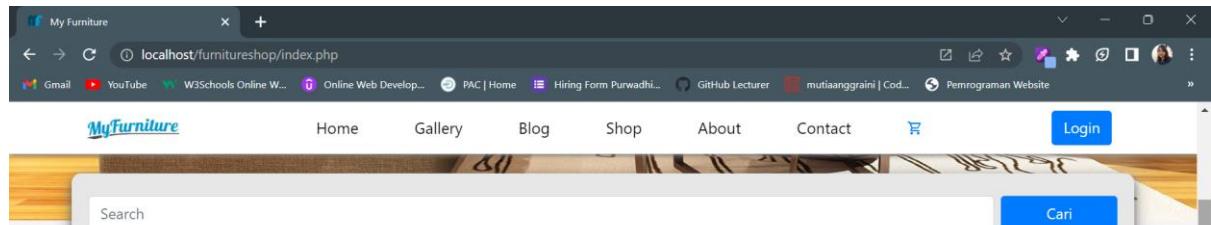

A personal website that introduces myself with a link for download my resume and portfolio as well as the social media links that I use. Using simple HTML and CSS.

9. Furniture Shop

E-commerce website with PHP and MySQL which has a number of home features, gallery, blog, shop, about, contact, login form and add to cart.

The screenshot shows the homepage of the My Furniture website. At the top is a navigation bar with links for Home, Gallery, Blog, Shop, About, Contact, and a Login button. Below the navigation is a search bar with a 'Cari' button. The main content area features a section titled 'ARTIKEL TERBARU' with a brief description in Latin. Below this are eight thumbnail images of different interior rooms. A second screenshot below shows the 'PRODUK TERBARU' section with five product cards: Ashley Harleson Sofa (Rp. 13,499,000), Windmill Sofa Tidur - Oranye (Rp. 2,599,000), Dixie Sofa Tidur Leaf Motif (Rp. 2,499,000), Hedvin Meja Makan - Hitam Silver (Rp. 2,599,000), and Ashley Baxenburg Meja Makan (Rp. 7,299,000). Each card includes a 'Lihat Produk' button. At the bottom is a 'KATEGORI POPULER' section.

The screenshot shows the homepage of a furniture website named "My Furniture". The header features a navigation bar with links for Home, Gallery, Blog, Shop, About, Contact, and Login. Below the header is a large banner displaying three images of modern interior rooms: a living room with a sofa and TV, a dining room with a round table, and a kitchen area. The main content area is divided into five sections: "ABOUT US", "CUSTOMER SERVICE", "INFORMATION", "NEWSLETTER", and "CONTACT US". The "ABOUT US" section contains a brief description and social media links. The "CUSTOMER SERVICE" section includes links for Contact Us, Ordering & Payment, Delivery, Return, and Related Questions. The "INFORMATION" section provides links for Personal Privasi, Terms and conditions, and Press Question. The "NEWSLETTER" section has a form for entering an email address with an "OK" button. The "CONTACT US" section lists a phone number, email address, and location. At the bottom, a copyright notice for 2023 is displayed.

The screenshot shows the shop page of the My Furniture website. The header is identical to the homepage. On the left, there is a search bar labeled "Cari:" with a "Search" button, and a category filter labeled "Kategori:" with options: Kursi, Meja, Lemari, Sofa, Tempat Tidur, and Rak Penyimpanan. The main content area displays a grid of eight furniture products, each with a star rating and a "Lihat Produk" button. The products are:

- Ashley Harleson Sofa 2 Dudukan - Krem Rp. 13,499,000
- Windmill Sofa Tidur - Orange Rp. 2,599,000
- Dixie Sofa Tidur Leaf Motif Rp. 2,499,000
- Hedvin Meja Makan - Hitam Silver Rp. 2,599,000
- (empty slot)
- (empty slot)
- (empty slot)
- (empty slot)

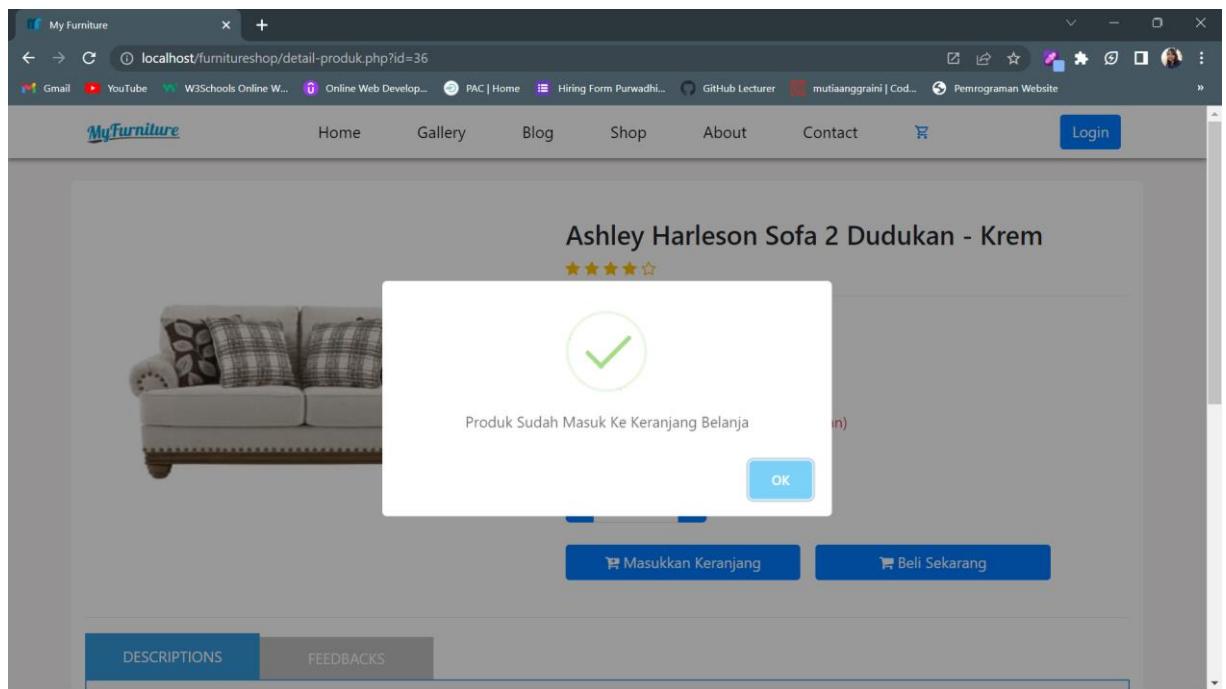

The screenshot shows a web browser displaying a product page for a sofa. The title is "Ashley Harleson Sofa 2 Dudukan - Krem". It has a rating of 4 stars. The price is listed as "Rp. 13,499,000". A stock status message says "Stok Tersedia" (Stock Available) and notes "Tersisa 11 Unit (segera lakukan pembelian)". A quantity selector shows "1". Below it are two buttons: "Masukkan Keranjang" (Add to Cart) and "Beli Sekarang" (Buy Now). At the bottom, there are tabs for "DESCRIPTIONS" (which is active) and "FEEDBACKS".

This screenshot is identical to the one above, but it highlights the "DESCRIPTIONS" tab and the product details section. The section is titled "Spesifikasi Dan Deskripsi Produk:" and lists the following features:

- Desain klasik
- Kualitas bantal yang empuk dan nyaman
- Rangka kuat dan kokoh
- Material : fabric, kayu
- Finishing : fabric
- Dimensi produk : 185 x 104 x 101 cm

Below the features, a descriptive paragraph reads: "Optimalkan waktu santai atau istirahat Anda di rumah dengan Harleson Sofa dari Ashley. Sofa ini terbuat dari material berkualitas yang kuat dan kokoh. Dilengkapi kualitas bantalan duduk yang empuk, nyaman dan tahan lama. Memiliki desain klasik, cocok dipadukan dengan ragam tema dekorasi pada ruang keluarga atau ruang tamu Anda."

The footer navigation bar includes five main sections: "ABOUT US", "CUSTOMER SERVICE", "INFORMATION", "NEWSLETTER", and "CONTACT US". Under "ABOUT US", it says "My Furniture is a website". Under "CUSTOMER SERVICE", it says "Contact Us". Under "INFORMATION", it says "Personal Privasi". Under "NEWSLETTER", there is a text input field for "Your Email" and a button labeled "OK". Under "CONTACT US", it says "+62 814 1023 0019".

Hapus	Gambar	Nama Produk	Harga	Jumlah	Subharga
x		Ashley Harleson Sofa 2 Dudukan - Krem	Rp. 13,499,000	2	Rp. 26,998,000
x		Heinz Kursi Makan - Merah	Rp. 899,000	1	Rp. 899,000

BUAT PESANAN

THANK YOU

Thank you for taking your time to read my simple portfolio. Through this portfolio, I hope to be able to provide an overview of my abilities in creating websites.

I can build websites both from the front-end side as well as back-end with javascript language, PHP, React.JS framework, TailwindCSS, node.js, Express.JS, ORM Sequelize, CMS with wordpress, REST API, SQL Database & Query, Visual Studio Code, XAMPP, Git & Github.

If you are interested contact me further, here is my contact information below. I hope we could collaborate and work together to help digitalize your project so it can be more widely accessible to everyone.
